PROOF:

JULY 30th WEEK

LAST WEEK | 23RD AUGUST - 26TH AUGUST | (We dont trade on Fridays)

Welcome to Siwel FX Snipers, we provide high quality Forex, Gold and Indices signals straight to your Telegram messages.

After purchasing one of our very cheap plans from our bot, you will have instant access to our signals channel, and if you need to, you can come back to the bot at any time to manage or cancel your subscription.

How Does It Work?
It's easy! You pay for a subscription via our Telegram bot, and once the payment has gone through, the bot will automatically send you an invite to the private Signals Channel. After that, wait for the trade signals to come through, we usually send out 1-4 a day! And finally, buy or sell that currency/indices, set your desired TP level and SL level [color=#2ECC40](if you don't know what these are or what to set them as, thats okay! We provide an SL level for you along with 3-4 TP levels!) It's really that simple!

FAQ:

1Q) If you have such good signals, why are you selling them?
1A) I like to see other people making money as well. Simple as that
2Q) How many signals can i expect to see a day?
2A) You can expect a guaranteed 1-4 signals a day.
3Q) What type of trading do you do?
3A) Mainly intraday trading, and scalp trading in the Forex, Gold, and Indices markets, though if there is an oppourtunity for a swing trade, we wont hesitate to let you know!
4Q) Is this a Forex Training Course?
4A) No, this is a Forex Signals Channel, we send trades to your inbox, and you simply copy and paste them in your MT4 or your choice of trading platform!
5Q) How much can i expect to make with this?
5A) With proper risk management, (recommended 1% of your capital invested with each trade) you will definitely make a profit, in the hundreds, possibly thousands. Depending on how much you risk with each trade
6Q) Do you provide Stop Loss levels and Take Profit levels in your signals?
6A) Of course!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Very good! We've had about 10 trades so far this week, and about 80% are still in profit or have already hit their TP levels

Yesterday, EURCAD hit TP4 at 117+ pips!

I'll be updating this thread with the performance from this week at the end of the week.
