Become a Virtual Assistant Today!

ABOUT:

Hey, I am currently looking for members to do simple-to-complex tasks for me in exchange for discussed amounts via PayPal.
Becoming a Virtual Assistant is super easy, just check the 'Available Positions' I currently have listed and follow the instructions on 'How to apply'.
Each Virtual Assistant will have a individual or set of tasks that they will complete for a set amount, once task(s) has been completed and payment received there may be an option to continue providing your services as I am looking for a dedicated team however if you would like some quick cash by doing the task(s) then receiving payment and vanishing into the ether that is totally cool with me ?

I can do the social media & marketing manager position as I actively do this in my day to day life already.
Please PM me with how much you are willing to pay for this service, and we can decide if its worth going to discord that way!
Thanks!
