Thread: [3 Awards: UB3R - DONATOR - RICH BITCH :3](#)

[H]ell - March 29, 2011, 12:46 am

Already had the UB3R for a long time, thought it was time to get some more awards up there.

Bought a sticky for \$200 yesterday, paid \$20 extra as a donation.
It got me the donator award.

And today I topped it off with \$50 for the Rich Bitch award.

Hurray, I contributed to HF.

Doesn't it feel good to give back to the community. :)

Congrats on the awards I wish my diamonds were next to each other!

[H]ell - March 29, 2011, 1:04 am

Hm yea it does feel good.

I Paid with LR, and since I couldn't cash it out, and still had \$270 on it, I thought to just invest it all back in to HF. The same way I got it there.

I have rent/insurance to pay etc each month so I can't give to much in comparison from what I earn here.

Will get that master donator award later through :3

I now hope more customers will buy through Plimus, since I can get paid through that.

As do I, I've made loads because of skills and techniques I learned on hack forums. So thought I would give a bit back to such a good cause.

Wish you best of luck for more sells hell. I hope every month you get thousands of bucks to pay rent aswell as donate to hf.

It is different for each section, Premium marketplace sticky's cost \$40 a week.

I paid for 5, which makes it \$200 in total.

The price of a premium marketplace sticky will raise to \$50 a week.

Omni doesn't know when exactly, but he was planning on it.
