Thread: [Boomer's Upgrade Contest \[Final Stage\] \[Vouch for your friends!!\]](#)

B??mer - March 29, 2011, 3:38 pm

Winner will be chosen at 9 PM eastern time.

Hello! Welcome to Boomer's Upgrade Contest's final stage! The top members have been selected and this part is for you guys to decide!

The members are:

Spoiler ([Click to View](#))

VanCliffe

<https://hackforums.net/member.php?action=profile&uid=639914>

Wolves

<https://hackforums.net/member.php?action=profile&uid=651051>

iHydra

<https://hackforums.net/member.php?action=profile&uid=561239>

Congratulations to those members!

The next step in the thread is to get input from the community. Tell me what you think good or bad about any of these members, tell me your personal opinion, tell me everything that crosses your mind about these members.

To the three members I chose, get your friends in here! Get vouches! Get them to write why you deserve this get them to talk about how awesome you are!

In the end, the choice is mine. This isn't going by who gets the most positive feedback, I choose who wins, but this feedback will influence the decision.

If I feel that you are requesting friends to bash the other contestants you will NOT win this, play fair. I chose you three because I felt you were the most trustworthy and High Quality members nominated.

Note: Wolves was not nominated but I felt he deserves a spot in this so I nominated him myself.

Note: I chose all three of you to be here so you can be sure that my decision will NOT be biased.

A N D R E W - March 29, 2011, 3:49 pm

hey guys iHydra is a really legit member he doesnt stop he keeps on going hes the great hf L33T in my books if he had ub3r he would help alot alot of people and if you look at his posts and threads its like all free of what he does he doesnt want money and hes just so legit

Dark Randy - March 29, 2011, 3:51 pm

I think VanCliffe deserves it. I think he wrote the HF news, and received a lot of flame because of it. But he kept his cool, and pushed through.

Good job to all of the nominated members, you make HackForums a much better place!

John* - March 29, 2011, 3:51 pm

I believe that VanCliffe should win this because what he does is just contribute to the community and help members. He is the most suited winner. Good luck VanCliffe :)

Z?us - March 29, 2011, 3:52 pm

You should upgrade me to BlackShades HTTP bot.

Edit: Forgot to mention, VanCliffe should get it honestly.

H??????a X™ - March 29, 2011, 3:53 pm

Well, I am going to have to go with VanCliffe, he is a very good member and helps the community out daily. His tutorials are outstanding, to say the least and is very good with graphics. He does signatures for people and is very polite. He will soon be L33t but I think he is more deserving than that, so Ub3r would be perfect for him.

If you look at his threads and vouches, he is clearly a HQ member. The rep he has gained for a normal member is very good indeed. I would love to see him in the blue crew, in my opinion he should get that, for all his work here. :)

Quiet. - March 29, 2011, 3:53 pm

Hydra - March 29, 2011, 5:44 pm

Thanks for the Vouches Guys, I do hope I win, and it does seem VanCliffe is HQ. Kinda more than me :P But still! OP thanks for your time, and thanks for buying one of us Ub3r!

Wolves - March 29, 2011, 5:45 pm

Haha, I'm just honored to have been nominated.

I'm more of the sleeper member, but I do believe I need to become more active with walking people through my specialties, which is mostly gaming, and then hopefully more into what most of you are here for, hacking tutorials.

If anything, I hope my nomination will bring about more friends for myself and get people to acknowledge that I'm a member here, working to help HF as a community and individuals whenever they shall need it.

Van Cliffe, I respect you, much more than I did before seeing how many people here vouch for your helpfulness.

While I would always love the upgrade, compared to my competitors, I feel fairly inadequate, but I suppose we help in different ways.

As for iHydra, I see you around everywhere, and always enjoy reading your post.

With all that being said good luck to both iHydra and Van Cliffe, I would have posted all of this sooner but finally got some sleep today and got back up to work on college work.

Thanks for the tremendous opportunity, Boomer.

I stand by my with my support as I did several days ago and hope that your tremendous character not be hampered by any bad things that may get you down.

That pertains to HF, and to life.
