Thread: [\[UPDATE\] Neobux Ad Clicker 4.1 SCAR](#)

semi_blind - March 31, 2011, 12:52 am

The credit goes to Dark_Sniper for creating the script. ?

The script has become buggy and does not click the micro ads right??

Well i fixed that problem and it now works perfectly. (as of 31.3.11) ?

For Full detail refer to the original thread - <https://hackforums.net/showthread.php?tid=120636>

Virus?!??? : <https://hackforums.net/showthread.php?tid=120636&pid=4978365#pid4978365>

Above is a lot of info over why the scar install file is getting detected by 2 AVs on virustotal.

I can guarantee that this is a false positive.

P.S.- I will update the script later so that it will ignore failed or unavailable ads.
