Thread: [Official Group] The Gold Standard - Creative Content [Event 8 of 8]

theDuke - *February 25, 2023, 12:30 am*

Welcome to the final event of The Gold Standard giveaway.

Your task is to create a piece of content that is inspired by or related to HackForums. This can be anything you like, such as a letter, drawing, video, music, graphics, and more. There are no specific rules, so let your creativity run wild! To participate, simply post your entry as a reply on this thread. If you prefer, you can also send it to us via DM if you don't want to share it publicly. Our team of judges will select the three most creative entries to win prizes.

In addition, we will be closely monitoring this event for exceptional creativity and may extend exclusive invitations to participate in The Gold Standard group. This is an exciting opportunity to showcase your talents and potentially earn an invitation to join our exclusive community. So, give it your all and impress us with your skills!

RULES
- The event will conclude on February 27th at 11:59 PM PST. Entries submitted after this time will not be considered.
- Use of artificial intelligence or Chat GPT is strictly prohibited. Any such attempts will result in disqualification from the event.
- Participants who have already won two events are not eligible to win this event. However, they can still submit their content for the bonus grand prize entries.
- Creativity is the key! There are no specific rules on what type of content you can submit. Feel free to express your creativity in the form of a story, drawing, video, music, graphics, or any other way you can think of. So, let your imagination run wild and enjoy the event!
- Only one submission per participant will be accepted. If multiple entries are submitted, only the first one will be considered.
- Submissions must be original and not previously published or used in other contests or events.

Participating in this event will grant you an entry for the Grand Prize. To earn the extra entry, some effort has to be made. If you would like another entry, visit our main giveaway thread HERE and leave a reply about why you love HackForums. Using our official event signature will also grant you an additional entry. HackForums is great
Cuthbert will never go on a date
He only thinks about weed
Hopefully he never breeds
Guy can't take a joke

Needs to go outside and smoke

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I've been so busy this weekend having to go out of town and been working 14 hour days.

I'm hoping people take advantage of this opportunity and jump on this creative event because the potential to win something is enticing!

Extremely happy I was able to get it finished though! I hope you all love it! ?

Before submission: (Click to View)I'm finishing my entry as we speak ?

Taking a bit of time as I have OCD lol.
Will be sure to submit it before 3AM EST.

Just wanted to let you know that you do still have submissions coming theDuke :p

I don't know if this can and or will be seen as something that can be awarded with an entry, but I wanted to post it anyway. Nothing crazy and honestly I guess nothing really creative either lol. Rather more so just a letter if you will to those of you in The Gold Standard and that are running this whole event. A big thank you to Pentatonix and theDuke as it seems you 2 are the main ones behind this whole thing. I do however know there have been others such as for instance judges for some of the events that helped a lot and so a big shoutout to them as well. I think you've all done an incredible job with this entire thing and it's been a great time participating. I normally don't partake in this kind of stuff on HF, but I'm glad I jumped in on this and it definitely leaves me wanting to be a part of more things like it in the future or just generally community related stuff. Outside of the personal enjoyment I got from simply participating, I think the other best parts about this were a lot of the community being brought together from it as well as some of the great entries for certain events that were submitted. The "An Ode To A Forum" event had some incredible entries from people in terms of quality, entertainment, and or other aspects. Seeing others get as involved as they did and take it as serious as they did definitely only made me want to do the same all the more too. I imagine I'm not the only one that felt that way either. Anyway, I don't want to drag this on too long and I definitely don't want to miss the deadline for submitting this in case it can be accepted as an entry. Thank you again to all of you in The Gold Standard that helped run this event. It was a blast to be a part of, you all did an amazing job with it, and I wish the group as a whole a long and successful future here on the HF.

Sorry bro you submitted this at 11:59:02 so I'm gonna have to ignore this.

I'm just messing ? thank you really for the kind words. Lots of time and planning went into this and we want to continue doing stuff like this for the community so I really appreciate it. Stay tuned for what we have planned in the future, it may be bigger than you think ?

The grand prize winners will be announced in the coming days. Just need a little bit of time to tally up all the names and gather all of the extra entries awarded. Stay tuned to the main announcement thread for now, updates will be posted there.

Thank you again DemonAsylum and thank you to everyone for participating.

LMAO imagine. You see it's submitted after 2:59 and so you just don't even read it ?

I saw the clock ticking down and was sweating a little while making corrections to the whole thing in the final seconds, but it says I posted it at 2:58 so I'm happy having made the cut or at least from what I see haha. Again, idk if it can count as a entry anyway and I was going to post something like that for you guys regardless, but hopefully it's all good and counts ? Don't forget about those bytes I hooked you up with either ?

For real though, thanks again for this whole thing, you all did an incredible job with it. I'm really excited to see who the grand prize winners are as well as am even more excited for what you guys have in store for the future ?
