Thread: [Free Recon Helmet for Reach](#)

Wolves - April 1, 2011, 9:16 am

So, back a little bit after Reach came out, I got a new 360.

Upon buying it new from Gamestop, the 360 did a halo ring around my Reach game. This lead up to a huge ordeal with Gamestop, long story short, I got a full refund for my xbox and a new copy of Reach out of Gamestop.

TL;DR I have an extra Recon Helmet code.

Don't know how many of you really want this, but thought I'd post this up here as an effort to give back to the community.

Requirements:

I'd prefer it be to a fairly active Halo player.

Pick a number 1-5, I'll use Random.org, I'll post a screenshot of the number.

Number picked by my gf and Random.org is...

I'd like for this to be for all members, but if I don't see that you've been active and made positive contributions on HF via HQ post or so forth,

I have the right to dismiss your number to assure someone deserving gets it.

Since I dropped it down to 5, I'll wait for 5 numbers before picking, or 30 minutes, whichever comes first.

Posted here to gain attention of just Halo individuals.

So lets get going.

I'll lower it down to 1-5.

Forgot Reach isn't very popular here.
