What is Nuke.biz?

Nuke.biz is a user-friendly and completely free URL shortening service that allows you to transform those long and cumbersome URLs into concise, memorable links. Whether you're sharing links on social media, through email, or any other platform, Nuke.biz is here to simplify the process.

Why Choose Nuke.biz?

Free of Charge: One of the best features of Nuke.biz is that it comes at absolutely no cost. You get all the benefits of a premium URL shortener without having to open your wallet.

User-Friendly Interface: Navigating through Nuke.biz is a breeze. The straightforward interface makes it easy for both beginners and experienced users to create short links in seconds.

Memorable Links: Say goodbye to those lengthy URLs that are hard to remember. With Nuke.biz, you can create short and snappy links that are easy for you and your audience to recall.

Perfect for Any Platform: Whether you're sharing links on Twitter, Facebook, Instagram, or via email, Nuke.biz ensures that your links look clean, professional, and are ready to be clicked.

How to Get Started:

Visit Nuke.biz.
Paste your long URL into the provided space.
Click the "Shorten" button.
Copy your new, shortened URL.
Share and enjoy the simplicity!

Now this is a script I use for my own private uses such as bio linking but figured why not help out others!
tell me what features you'd like to see!

Wow, would love to be able to have a admin panel for each link where you can see how many clicks and unique clicks, other than that this is super cool! Keep up the good work :)
