Name some war or military movies except those based on world wars.

Here is a list few such movies which I have seen:

Behind Enemy Lines II: Axis of Evil

Behind Enemy Lines: Colombia

Tears of the Sun (2003)

Black hawk down (2001)

The Hurt Locker (2008)

I want more please

yea most of the millitary movies are based on world wars and i am bored watching world war.

I want to see something tactical and modern

The Rock seems to be good will watch it.

Isn't that the World War 2 collection? I remember seeing something like that on TV that was called that.

Apocalypse Now is about the Vietnam war :)

Most people probably know the quote "I love the smell of napalm in the morning", it's from that movie.
