Thread: [If I have Admin User and Pass HOW TO ACCESS TO SQL TABLES ???](#)

maestro1 - April 4, 2011, 7:57 pm

Hello,

Would like to ask you if I can access to admin panel how can I parse SQL tables and get the data from them ?

(Paying via LR !!!)

Thanks

First you have to check if it is vulnerable to SQL injection scan the page with Acunetix or other scanner then use manual injection or Havij.

PM me with the website URL.

I can do this for PayPal \$\$\$
