Thread: $300/Day from AI-Generated Girls? The Digital Hustle You Havent Seen Yet

OnlyCheap - *July 22, 2025, 10:37 am*

Make money with AI Models
Make your fortune with AI OnlyFans Models...

How It Works?

AI model management is same as the normal OnlyFans management business. However with AI model management you get number of benifits which you don't get through normal OnlyFans management business. In classic OFM, you have to look for models who are pretty, deliver content every day, and speak good English. In addition, with classic OFM, the manager does not get 100%, but rather 50/50, which is of course a much smaller profit margin.

With AI Models, you can create the model ourselves with the help of an AI, we can create any content imaginable within minutes, and the best thing is that we get 100% profit at the end and don't have to share anything. You don't need any programming knowledge, you don't have to acquire models, and you can do everything yourself, and the best thing is that you don't have to wait and can get started at any time.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

But what is the PRICE?

And you're lucky more people didn't report you for the autobump because people report much less egregious posts from people who do that.

What is the PRICE?
