I'd like to give this a try. Why? Well, I tried another ebook on here, and well, it was shit.

Plus, my girlfriend's birthday is coming up and she really wants an iPad so I'm trying to get the cash but looking for better options.

Dub - April 19, 2011, 6:05 pm

FeaR™ - April 21, 2011, 9:48 am

I think i deserve this tut because ive been with apple for around 15 years, and can never get the newest thing, I am a jailbreaker and unlocker, so anything apple would help the HF community.

placeholderda - April 21, 2011, 9:48 am

I want the guide, so I can profit off of the Apple devices.

Dante™ - April 21, 2011, 9:49 am

µnKn0wn_H4CK3r - April 21, 2011, 10:34 am

Hi!

I'd really love to get your eBook.

I should have it because I'm a cool member (look at my rep) I help people when I can, and I've donated to HF.

I also always wanted an iPhone or an iPad but it's too expensive for me. I've tried a lot of eBooks/methods but none of them worked.

And... Your method seems to work in my country (France) where sometimes others don't.

Thank you in advance!

MrFixer - April 21, 2011, 10:50 am

I've always wanted an apple product I couldn't afford to get one though, the price is very high. If I had the money of course I would by one but this method you have seems promising so could I have the info to do this.

Thanks a lot man :)

yanive - April 21, 2011, 10:54 am

I would love to have this e-book to simply get myself a Iphone 3gs. I have never done anything with apple but I plan to at one point. I'm no noob tho I can SE(ea,logitech) very well. I short I would love to give it a

try.
I now use first-generation iPhone :(

Roy?? - April 21, 2011, 10:56 am

I should have because it's pathetic that people are profiting of a method if it's freely available here.

Intermezzo - April 21, 2011, 11:09 am

Why doesn't it work for all countries?

ickna11 - April 21, 2011, 12:00 pm

I know I look like a leech, but I would love to learn the methods of how you pros get these items, I have been around hacking and modding Xbox Originals, Xbox 360s and Wiis. I haven't really gotten a chance to really ever mess with the iOS, I can't afford an iPod let alone a Mac, if I could get my hands on one I know I could post some tuts for it. I am a graphics designer and if you ever need something done just hit me up and it will be free (if I get this guide :P)!

BacoNbitZ - April 21, 2011, 12:02 pm

Could I get this eBook please? I need an iPod, might as well try to get it for free first :D

Tumex - April 21, 2011, 12:51 pm

I would be more than grateful if you could send a copy of your book my way because I'm not actually looking to get FREE products from Apple, but actually analyze your methods used to obtain them.

In other words, I want to study the social engineering behind it and I'd be again, very grateful, if you could let it happen. :)

Thank you very much, and of course have a wonderful day!

Mackem - April 21, 2011, 1:08 pm

I would really like a copy of this as I am in need of a new phone because the glass cracked on my

Mandy - April 21, 2011, 2:07 pm

DrGoon - April 30, 2011, 1:30 pm

Mabey even make a contest

M0NST3R EN3RGY™ - April 30, 2011, 1:33 pm

I am interested in this as I would not abuse this method as most others would or try to sell.

I try to keep stuff on the down low and I could use the extra method to use just in case.

I believe I have made a good presence in this community as well.

ItachiShari - April 30, 2011, 5:15 pm

Much like other people. I need a new iDevice for College. These things are expensive, so it would be a relief to find that this method actually works. Thanks!
