Thread: [\[Red\] Free Gears of War 3 Beta Codes \[Lions\]](#)

Wolves - April 15, 2011, 6:28 pm

This thread has been edited for the sake of an example on the part of the Red Lions.

This thread has been dedicated in the name of the Red Lions Upgrade Contest!

This giveaway was inspired by the Red Lions and Nokia2mon2's generosity!

So, a lot of people are selling these codes.

I've actually offered giving codes away if people just gave me a newly made hotmail account so I can do the survey.

Requirements:

[Leet/Uber]

Will also do normal members if I deem them worthy.

Please don't spam my inbox, post here and I'll message you.

I will be offering any member a code.

This will be done for the first five members I deem worthy.

Do not do this if you plan to resell it, do this if you are going to USE the code please.

1. Voltage [Done]
2. Michael [Done]
3. Ghostflake [Done]
4. Glassy [No PM Response]
5. [Mikey] [Done]
6. Musky [Done]
7. Moon [Done]

All you have to do is create a new hotmail, and PM the email name and password so I can register and get the code for you. Only do this AFTER I approve you, otherwise, you'll be disqualified from this.

Voltage - April 15, 2011, 6:31 pm

Well I guess it depends on popularity...
Weird how I'm offering it for free, yet people seem to keep going and buying them from sellers. o.o
