Any thoughts from one of Spring's most interesting animes (in my opinion :P). I actually thought it was shota, until I actually looked this title up and it actually came from an erogé, that has no yaoi or anything like that at all. In my opinion, i'm hoping to expect something like what happened in "Yosuga no Sora" with the routes with different girls and all that.

Has anyone else watched this series? What do you guys think about it? Post about it here! :)

I've watched Episode 1.

The Plot seems kinda' recycled, but then again, it seems like a love/comedy, which you can't get too creative with anymore.

Either way, I thought it was kinda' funny.

I'll watch it up to ep 6., and if I lose interest by then, well, yeah.

(I totally expected them to end up in the same class though.)

If anyone has watched Yosuga no Sora and liked it, this is kind of the same thing, but with comedy. i'm expecting a lot from this anime, AND OF COURSE THE LITTLE BROTHER OH YEAH.

Decided to this because I can.

If you watched episode two, then:

It seems pretty good so far. I really liked Yosuga No Sora, but I'm hoping it doesn't end up being a yaoi version of that.

LMFAO, that would be so funny. But everyone loves the little brother tho :(
