Thread: [Minecraft Account and Code Contest! \[Winners: Loukas and Excalibur\]](#)

Wolves - April 17, 2011, 4:06 pm

It's time for me to do another giveaway.

I have an account with a gift code redeemed on it as well as an unused code. =)

The account comes with the email if desired, the email it is on is a junk email I created, so you wouldn't have to worry about changing the password unless you are afraid of getting your account cracked.

Just giving back to the community, hope someone who has wanted the game gets this.

Winner 1 will win the code.

Winner 2 wins the account.

As usual, here are my rules.

The Requirements:

I'd prefer this to go to active members.

No negative rep [overall negative] users area allowed to enter.

Of course L33t and Ub3rs are preferred.

Normal members are allowed 4 spots!

Choose a number 1-10, forget to add this!
