Happy Bday HF! Doing great so far

Lightangel - April 22, 2011, 5:25 am

Happy birthday, Hack Forums! I have been here since 2009, which actually mean, I have seen 2 years of Hack Forums.

I'm really glad to be here and help other members, but I always try to increase my rep, when it goes up, I get glad and I continue helping members more and more, then always, something sudden happens. Someone will just -rep me, and I'll stop helping either on the board or via MSN/YM.

But, one day, someone would just inspire me to continue, and I'll just come back to increase my rep.

Love ya'll.

bfreakz - April 22, 2011, 8:41 pm
