This was pretty awesome, took away some stress that I had and made me smile. The stories were kinda stupid (at times) and extremely fictional.

[img]http://chatspace.org.uk/impurity/images/1303079502.png[/img]

Um...not sure what to put here. It's pretty easy to read so, 5 stars?

[img]http://chatspace.org.uk/impurity/images/1303079727.png[/img]

I actually loved the layout. It was very professional and the font used was actually quite sexy. Very good job here.

[img]http://chatspace.org.uk/impurity/images/1303079631.png[/img]

There were no mistakes, author clearly took some care and time when writing this. Great job!

I've never seen this...and the stories I doubt exist elsewhere. How high were you when you wrote them Cobalt? :3

Notes:

This was pretty awesome. It was well written and did in fact make me smile. Great job Cobalt. I do want to add in that there is only 3 pages of stories the last being a credit/thank you page. Overall great job!

Good luck with sales!

For a joke eBook, the quality of the jokes I'd say were pretty good. This being said it's really difficult to judge, because no one is going to have the exact same sense of humour, but I found the jokes to be quite funny and comical.

[img]http://upit.cc/images/3fe612b3.png[/IMG]

The layout was pretty good, only real suggestions I'd have were to create an index for the stories, although they were already divided into chapters which I liked. Other than that everything was great, font, background etc.

[img]http://upit.cc/images/ff57a8aa.png[/IMG]

No grammar mistakes found, great job.

[img]http://upit.cc/images/f2fa3f83.png[/IMG]

In almost a year of reviewing now, I only recall reviewing one other eBook even slightly close to this. Loved the originality and idea of this.

=====

Notes:

I'd say it was a pretty funny eBook, and worth 1\$ for the laughs and just for being so original.

Most of the stories are just plain random, lol.
I didn't really laugh, but a smile took shape. :)

For a buck, this certainly relieved some stress, and killed a few minutes.
