Hello dear members of HackForums,

How many times have you read a phrase like "Buy this guide and earn 500\$ now!?" I've personally read it for atleast 100 hundred times. But even after buying the guide, I never did what it promised. Of course, the method seems reasonable, but you just can't make that money, can you?

Well, the problem is not the method, the problem is how you use it.

Well, let's keep it short and simple. I won't be convincing you to buy some brand new awesome method. I will just say that this ebook shows you WHAT TO DO, to EXACTLY EARN HUGE MONEY IN INTERNET.

It shows you how money is earned by the gurus, what are the common errors, how to avoid them and how to rise up in internet business.

These secrets are applicable to any method, and guarantee you good money.

With these 7 Simple Secrets, you'll learn how to be succesful in life, how to work less and earn more, and how to make a giant fortune in a little time. It will change your financial life, I promise. Huge \$\$\$ are waiting for you!

Also, I include RESELLER RIGHTS in this sale. You'll be able to sell this book on other forums when you buy it.

Why Am I selling this ebook instead of making money? I told you, this isn't any method but information which can be applied to any business. I'm already making money from other sources than selling this ebook, but I've run out of methods. So I decided to sell the information.

The price is only 5\$ USD. FOR A LIMITED TIME! EVERY PURCHASE IT GETS UP. HURRY UP! Yesterday it was 1\$, today it's 5\$... And it still goes up.

Thanks!

Yeah, I know that reputation doesn't mean a lot, but the rules clearly state that I can only give a review copy to the official reviewers.

Can you guarantee that at least 1 of the 7 methods will work for me?

AnonymouS12 - April 23, 2011, 4:43 pm

Hi,

This ebook doesn't contain any particular methods, but tells you secrets that can be applied to any Internet Marketing method to make sure you earn money.

For example, you go to the monetizing section, pick a random IM method, and apply those 7 secrets to it. In a few days you'll have good money on your account.

But it doesn't only work with Internet Marketing, it works with other methods too.

If you want a specific methods, this ebook contains some, but you won't find a "Do this and later that and earn One Million dollars" instruction. The only method similiar to this is to resell this ebook on other forums. Which you can do if you want!

Thanks,
AnonymouS12

Will you be offering a small discount for a first buyer? I'll post a vouch also. (Not offering an official review, by the way).

Haha, well, that's sort of what I'm already doing, the real price for this ebook is way higher than \$1, but you being the 1st buyer I can drop the price a little bit. The question is, how do you want me to reduce the price of 1 Dollar ??

Grammar Rays - April 23, 2011, 4:53 pm

Thanks for the PM, I will bookmark this thread and post tomorrow, it's late here.

Thank you again,
Phil

LoL GO fuck yourself.

Who the fuck believes in a shit of you guys say here why would you need \$1 if you can earn money with those ebooks? fuck yourself seriously and go steal your mom's wallet.

Truth Hurts - April 24, 2011, 4:06 am

LOL@ haky.

Nicely put.

OP stop selling shit.

Hi,
Thank you for your purchase!

Sorry,
We've had some problems. Now they're fixed. I apologize for the inconveniences. Sent you a PM.

Thanks and sorry again.

Given I've been researching many ways to Monetize money, I was pleased with e-book's depth in these 7 concepts. It was also not too complicated to understand. Overall a nice buy just to remind another nice way to monetize. Happy for the free membership to a website as well. Thanks for the book =P

5/5 Quality of Information: It was pretty informative. There wasn't any lack of information. The author gave great examples as well as great facts and he made it look pretty professional and easy to follow. Excellent!

4.5/5 Ease of Use: You'll just have to keep these secrets in mind while you do online business. It's nothing that hard. Reading it twice wouldn't be bad

4/5 Layout: The layout was simple, but nice. The paragraphs' breaks were properly set. It was very organized, over all.

5/5 Grammar: I couldn't find a single error regarding Grammar. Great job!

4.5/5 Originality: I think this is pretty original. I couldn't find it on public anywhere through search engines.

=====

Notes: Over all, very good book. I really had an enjoyable time while reading it. It's very informative with excellent examples about each secret. Very well done.

The information in this guide is fantastic. Gives the reader a huge insight on many unexposed or unthought of secrets and tips to be successful when earning online. The tips aren't based upon one style of money making, but range from blogs, to websites, to SEO. Well done!

[img]

This cannot really be rated because this isn't a method, these are secrets.

I cannot give this an accurate rating, but the one that will be using these secrets must keep them in mind when participating in any online business.

[img]

To be honest I thought the layout was simple, but not very well laid out. A pet peeve of mine is when the first two lines of a new page are the last two lines of a paragraph. Why not move the whole paragraph and have it all on one page? The headings were well done. At the bottom of each page there was a link, and it was the same one at the bottom of each page. I found that a little annoying,

the author could have just put it at the end.
In conclusion - not bad, but could have been way better.

Flawless grammar, I found no errors whatsoever. Punctuation and spelling were fabulous as well.
Great job!

Pretty original secrets and tips. Didn't find these anywhere, or in any other eBook. They are also tips that make you go "Wow, I can't believe I didn't think of that!"

Notes:

- Very informative eBook.

- Buy it if you are looking to tips and secrets to succeed in online money making.

Good luck with sales!
