Just donated 50\$ to omni and I am now officially a rich bitch :D

And to y'all black hats thinking that white hats have no fun. I make as much money as a white hat as I did before. The difference is that I can now go with my head high and I don't have to watch horny pedoes masturbate while I earn the money.

Lol, the last part wasn't necessary, there are black hats that donate too. Anyways congratulation on the award, I know when I got it, I was pretty happy even though it was few days late. Try to keep your warnings low now, they look bad with that award.

@Peter Chao: I know, but many people say white hats don't make money, don't have any fun etc.

@cherub: You're welcome, haha
