Oh, right! :) HAHA! Didn't notice that.
Goodjob guys.

Pun - April 26, 2011, 10:02 am

Thanks for your support Majidemo! :P
Another two sites to upload to the thread;
<http://tonrak.net/>
<http://www.osninjas.info/> <3

Im interested in being a part of your group if youd like another member, I know how to SQL inject competently and know how to code in html javascript css and php so I know how to deface.

Add me on msn and we can talk, bckc@hackforums.net

Nice Deface Pages. Like the music a lot!

Pun - April 26, 2011, 10:43 am

Thanks for that, I am thinking about releasing how I get my hits but I need a name for that hacking way ;) and pointers?

yannickelcat - April 26, 2011, 10:43 am

The prodigy fucking rules

Pun - April 26, 2011, 10:44 am

Prodigy, what you mean?! <3

EmperorIsiah? - April 26, 2011, 11:05 am

yo im beast at hacking and all that shit ill join your group

Lightangel - April 26, 2011, 11:26 am

Looks nice. Nice deface guys.

So, what's your site? I wanna join your team guys.

How can I join? Please send me a PM.

Thanks.

Read the thread you send a message/add the email address from the DEFACE pages and/or the thread, we currently don't have a website domain for our use but I'll be happy to get one at a later date.
