Thread: [Bragging Rights Rules](#)

Omniscient - April 28, 2011, 12:51 am

For those who are in an upgraded group and have access to the Bragging Rights section. I've added some new rules specific for that section.

1. No bragging about any HF stats such as reps, posts, awards or thread views.
2. No bragging your account was upgraded.
3. Posts here do not increase your post count.

Violators will be given LQP warnings or worse.

Chris - April 28, 2011, 12:52 am

Thanks for letting us know. Im gonna delete mine now ?

VanCliffeBraco - April 28, 2011, 12:52 am

A nice new addition to the rules. The "not increasing post count" thing was a bit harsh, but your site your rules. :)

Alpha.Stallion997 - April 28, 2011, 12:52 am

Thanks for the information Omni. I might upgrade soon . :)

Also, Omni, why is this rule kept? Like, why bragging is not allowed?

Crucifix - April 28, 2011, 12:53 am

Finally,I already reported all the "rep goals". Because I think that is rep abuse. Thanks.

MySocksAreWet - April 28, 2011, 12:53 am

Thanks for fixing this problem.

VanCliffeBraco - April 28, 2011, 12:55 am

I started reporting threads that contained "I finally reached xxx rep/posts". :)

Crucifix - April 28, 2011, 12:57 am

I saw a dude today with the title "OMGZ I almost haz 150 rep" like come on? And you know, he even got like 10+ from that thread only.

chimpy - April 28, 2011, 12:58 am

Finally..It was such a rep whore forum.

"oh hai guiz, i'm so close to 50 rep!!" FUCKING HINT HINT.

Paradoxum - April 28, 2011, 12:59 am

Does the first rule include people bragging about getting into certain groups?

B??N????N??R™ - April 28, 2011, 1:01 am

Great thing, This rule was needed for long.

Kr4z1 - April 28, 2011, 1:09 am

Been waiting for this for awhile now! Thanks.

VanCliffeBraco - April 28, 2011, 1:12 am

Hope that staff didn't mind that 50ish reports I just did over that section.

?ntel - April 28, 2011, 1:15 am

Can all this stuff go in The Lounge or would you like it gone completely?

The Rated R Superstar - April 28, 2011, 1:15 am

YAY, now the reports will actually be accurate lol.

meister - April 28, 2011, 1:15 am

Thank you for implementing this.

? Lollipop ? - April 28, 2011, 1:17 am

Does this mean every post in that section you made doesn't count ?

Black Shadow - April 28, 2011, 1:18 am

Few just made it only ever used it once and that was last week just in time.

Endonium - April 28, 2011, 1:29 am

Finally ... this was so much needed.

FINALLY! THANKS A BUNCH OMNI!

I've been waiting for this so long.

DFTCHE - April 28, 2011, 1:33 am

This was actually needed, there was too much there.

Basics. - April 28, 2011, 1:35 am

Thank you Omniscient, this was needed!

MouseDesign - April 28, 2011, 1:35 am

Finally. The section became a posting whore lounge. Good job!

VanCliffeBraco - April 28, 2011, 1:50 am

Just finished reporting a shit ton of "Ow, look at me, I got 200 rep/posts/awards/reported posts" threads. :)

??¢??? - April 28, 2011, 1:53 am

haha lol with these new rules we will have 100,000 less LQ posts each day :P lol awesome work omni

tubby1 - April 28, 2011, 2:06 am

Ok dude, that section is gonna die now.

Junkie™ - April 28, 2011, 2:10 am

I won't lie. I've made a few LQ threads over there. I actually thought that was what that section was for until I read Xerotic's thread about what should/shouldn't be posted there. I think this will be good for that section.

pushl %ebp - April 28, 2011, 2:12 am

Finally! Thanks Omni, I am sick of the fuckwits posting crap about their '100 posts'.

Protection - April 28, 2011, 3:35 am

Eh....I dunno.They should be able to brag about things they feel they've accomplished,I know I was pretty exited when I was accepted for UB3R.But the rest of the rules I agree with.

iMario - April 28, 2011, 4:08 am

It was quite fun to post on every single thread and get a lot of post count from it ?... Well, you are the boss, so, as you want! I'm going to close my threads that don't follow this rule.

H??????a X™ - April 28, 2011, 4:10 am

I'm so happy I actually drifted away from posting a shit load in that section now. It did help my post count, that's for sure in the past. Lol, same with Mothered. xD

But I like all these rules, they will make that section much better. Nice one on this Omni. Also, question. I have a collective thread of all my goals on Hack Forums, I need to delete it, or is it fine to leave it? It's just something I do to keep track of the donations and upgraded members I have done.

iMario - April 28, 2011, 4:18 am

I hope at least we will still getting people on that section, because they might not come post because ther post count won't raise.

alfonzo1955 - April 28, 2011, 4:19 am

Am I allowed to brag about donations to HF?

Crazygamer - April 28, 2011, 4:21 am

Smart idea Omni. There is a overwhelming number of those types of threads, and do get quit annoying. I did however try to reply to a lot of them, to make people feel good and congrats them.

Yeah that's pretty much what I meant. Someone brags about x amount of rep, then the other repwhores +rep them and post a comment like "Congrats blah blah bullshit" and hope they get a +rep back.

You're such an idiot, if you reported everything you going to be banned, you are suppose to PM staff a list, when reporting multiple things, just like the product keys, you PM don't report until someone makes a new thread etc..

iampoor - April 28, 2011, 5:21 am

Great move Omniscient. There's going to be a reduced amount of threads in the Bragging Rights section now.

iceybunneh - April 28, 2011, 6:26 am

Lol I think I'm one of the only ones sad to see the change. I only posted a few "I GOT XX REP/REPORTED POSTS" threads, but I loved congratulating people. If the only rule change was that post count was disabled, I could deal with that.

But oh well, not my site. I'll just have to remember this. Idk what IRL adventures I could brag about in the forum. I have a boring life and what excitement I do have is not child-friendly o-o;

Sithis - April 28, 2011, 9:30 am

Grumpy - April 28, 2011, 9:40 am

I am assuming that all threads posted before this announcement won't be punished etc? And if the post count is disabled, don't you think that's enough? Why not let users continue to brag about their HF statistics if they want to, I will tell you now, the post count not increasing thing would halve the threads made there alone. ?

You are gloating about something on the forum, not allowed

1. No bragging about any HF stats such as reps, posts, awards or thread views.

Yes, but it's one sentence? How many times have you seen people say something like:

message here

On a thread, now. Does that mean they are breaking the rules also?

Would the punishment be the same? Or would moderators use the [warn] to remove the bottom bit?

I think this should be edited a bit, as threads' like "My 5th rep!" are pointless.

Yet somebody posting about theres 500th rep point isn't. Theres should be a list of when to brag on rep or post count. Ex: 50 rep, 100 rep, 250 rep, etc.

But the disabling post count in that area was definitely on the plus side.

I'm curious how many posts I'll lose. Lmfao, likely like 3k+ xD

Chris Versaci - April 28, 2011, 2:32 pm

I only posted a few times here so post recount doesn't affect me much anyway xD.

1,883. My guess is that we won't see you posting in that section anymore. You seem like someone who only posts in forums for the post count... I guess that's why you're not that active in the Lounge.

Zach - April 28, 2011, 4:18 pm

Finally, that section was in dire need of being saved, a lot of LQP was made in it from postwhores.

Do0ks - April 28, 2011, 4:24 pm

Thanks for the update, Understood.

eXero - April 28, 2011, 5:19 pm

Are mega threads, like with brags about everything you have all in one thread accepted?

Yes, if it don't involve Hackforums achievements!....

Not true. I just hate the lounge, have no interest with the topics, I just liked congratulating people. Problem with that? I'll still post in that section. So your post is completely wrong.

You don't post there because your a post whore.

Do these rules apply to the lounge as well?

Lol when he does the re-count, I'll have 5.8k posts. But I'm not much of a post whore anymore, I used to be, yes. I'm more busy with in real life stuff now.

Same, I post like 10 times in real sections a day now.

H?????a X™ - April 28, 2011, 5:44 pm

I think the "Rate my graphic" section is basically the same at times as this. Lol, people don't always give detailed constructive criticism. They leave comments just like in the bragging rights. "Nice job on that sig" "I give it a 8/10 rating" etc.

Meh, Omni will probably do it, he did it to the lounge. ?

May we still have the achievement threads with the stuff i them?

Now imagine how many mothered will lose.

D?p?aved™ - April 28, 2011, 7:01 pm

Was wondering why my older thread was closed. Thank god I checked the announcements before posting anything else. Good addition I must say. Too many "OMfg I was upgraded!!#!\$" threads flooding that section. Hopefully Bragging Rights will have more HQ posts in it.

MonEy - April 29, 2011, 2:19 pm

Finally.. All I ever see is shit like "OMFG 10 REP HOLY FUCKING SHITT@!@@!"@!@" in there..

Vv3 Brooklyn - April 29, 2011, 2:20 pm

Well at least 75% of threads made in the Bragging Rights forums is about your stats way to go omni.

Eminent Fate - April 29, 2011, 2:26 pm

If we have achieved something major such as a great result on a very important test, or perhaps received a high paying job or something of that caliber. Could we list smaller HF achievements such as Online time, Awards and such (excluding reputation and post count) and put it under 'smaller HF achievements' just to grant the thread additional content.

What should offences of this rule be reported as?

I guess it's LQ because Omni stated that "Violators will be given LQP warnings or worse."... Well this is how I report them!

Thanks,

I'd honestly count that as a Hack Forum stat, so I'd say no.
