Thread: [BatchAssist v1 is here!](#)

Cyber-Security - April 28, 2011, 5:20 pm

I am developing a batch file writer with EVERY SINGLE COMMAND in Batch (200+)! Stay tuned ?

jinkop - April 28, 2011, 6:20 pm

Another one of these. Great. It's not that hard to code a batch file without the use of a batch maker. But you can make it, it'll give you experience. However, I hope the Batch Maker won't be made in Batch itself because that will just be useless.

LOL dont worry. This one is going to be the best one ever. It has EVERY SINGLE LINE OF CODE. And its not in batch lol. That would be a fail :D

zzishadowz - July 22, 2011, 2:31 pm

Hmm sounds interesting Ima wait for this

Edit: Lol this was 2 Months ago is it done yet?

Skycoder - July 23, 2011, 11:03 am

sounds sweet! Will it cost anything?

INJ3CTION - July 23, 2011, 6:22 pm

Thanks for this (:
