Thread: [Your Complete Website Needs ~~~~All what you need for your website ~~~~](#)

xdude - April 29, 2011, 11:31 am

Every-time when you create a website you always think , how to get backlinks , how to get Alexa ranking how to get traffic ?? isint it ? or when you make a sales website you always think how to protect your virtual item from hackers , or you need your adsense adds on the right place but you cant because you don't know how to do, you spend hours on Google to finding the right software for you and in the end you get nothing and you paid for useless shits :S , so here i am providing you a complete solution for your website , a package of software's which every webmaster needed , and above all each software comes with reseller rights so even you can make profit with that as well .

Here is a glimpse of what will you get when you buy this

Article Submitter:- Submits your article to top of web directories automatically

Blog Ping Automator: Everyone wants there website to be listed on top search engines , use BPA and it will do the rest ;)

RSS announcer: Submit your RSS feeds to top RSS directories automatically

Traffic Boost: Boost your Traffic ;)

AddTracker: Track your add automatically save your time and money

Bookmark Rewards: Makes Your Customers Line Up To
Bookmark Your Site and Join Your List.

Digital OrderGuard: protects your digital product download and order pages from unsavory visitors that steal your products

Instant Bookmark: Let visitor bookmark your site with just 1 click

and many more a total of 70+ software's a complete solution for your Website.

Boost your sales , protect your sales page , boost your ranking get more visitors

Along with that you will also get 2 Bonus

Bonus 1 : Backlinks sets(Includes 35 k+ dofollow links + 1K+ edu blogs+ edu frum list etc)

Bonus 2 : 1K + Auto approve Links

This what you need for your website ;)

Well that's not the end i will also give you 2 more software to generate fake traffic and to boost your Alexa ranking and that's the Bonus number 3

All this only for \$30

Please note the whole package (except the bonus) comes with resale / master resale rights , there is no crack versions at all all are paid versions so you are paying for original software's not for the crack versions

If you have any questions or wanna ask something , P.M. me :)
