Thread: [\[Legal Tutorial\] How to easily have Sex with any girl at school](#)

Trident - August 17, 2009, 6:42 pm

So as you may know, most girls are as desperate to have sex as you are.

The question is how do you get them to do so?

Many teenage girls have been caught watching hardcore porn on their computer, just like you!.

This has not been tried by myself (Yet) but its 100% legal and easy to do.

HOT ?

Things you need:

- Somewhat good looking

- A condomn

So lets say your in the counsellor's room at school, or in any room etc...

If you and a hot girl that you like are the only ones in a room,

you may notice she'll be looking back at you once in a while.

When she is looking at you,

- take the condomn out of your pocket.

- and say this line:

"Are you thinking what i'm thinking?" (In a sexual tone)

90% of the time you'll both will go into a private room and pleasure each other ?

This is because the tension between you builds up and you both become very horny at that moment and she loses control.

FAQ:

1.) What if she reports me for sexual harrasement?

- She can't because you didn't say anything related to sex.

2.) What if she doesn't understand what i meant?

- Just say: Let do it!
- Or: point or do something sexual.

3.) What if I can't find a private room anywhere?

- First try the bathroom, a closet, an empty classroom, at the side/back of the school
- Find a building nearby or ask her.

4.) What if I don't have a condom with me?

- Visit Island Sexual health center, they give them for free.
- or google search stores that sell condoms maybe 7-11 does.
- Or ask for one at your counsellors office.

Congratulations, You just lost your virginity.

If not rinse and repeat. ?

?

guitarst1 - August 17, 2009, 6:52 pm

LOL dumbest guide ever sorry, won't work bud, and you need to work on your facts, because there is no private room in school except for bathrooms as you said, sorry no sex rooms =/

Where did you get your facts? 90% of the time? how can you say that if you've never tried or don't have any solid date

maybe flip your odds around and divide them by 1000, so .01% chance, but ya no way bud funny read at least lol, those odds are a little more likely.

? It depends on the school. X\ lol there might be unlocked rooms w/out teachers and it is a great place. XD lol this might not work also, because it depends on the girls type.

Trident - August 17, 2009, 7:13 pm

fine the odds are 70% of the time,

but its worth a try,

especially if you know you both like each other.

Spoiler ([Click to View](#))glances, looks, the atmosphere around you becoming hotter

guitarst1 - August 17, 2009, 7:20 pm

Alright I'll give you that, your idea to avoid sexual harassment charges is good, but still the odds of a random hookup like that are not as good as you say. If you know you both like each other yes alot more likely but if you don't get to know them and your only somewhat good looking and they arn't extremely desperate(which generally most girls that are even fairly hot have 10 guys constantly trying to get with them) which means they arn't then GL and more power to you if this somehow works lol, if not you will become the laughing stock of the school for tryin' =p .

BTW glances and looks doesn't mean she wants to have sex with you, a little over self confident? it only means that you either look funny, they think you look good and do like you, but at no means does this have any indication of sexual desire lol.

xKraMx - August 17, 2009, 7:21 pm

Imao :P made me lol but doubt it actually works.

Maybe I'll try sometime this year

Jupiter99 - August 17, 2009, 7:41 pm

What could possibly make you think that saying "Are you thinking what I'm thinking?" in a sexual tone will get 90% of girls to have sex with you?

because every girl likes to masturbate the same as boys.

she'll think,

why not? he has a condom and we can highten both our pleasures.

that would probably make more sense.

It would make a lot more sense. Not all girls will blow you at the drop of a hat like they do in the porn you surely watch often enough to make you think things like that.

Trigger phinger - August 17, 2009, 10:42 pm

The only ways this will work is if the chick is a whore,she is really ugly,or she is your gf.

And yeah if you are not good looking this has no chance lol.

DeathShad0 - August 17, 2009, 10:45 pm

This isn't exactly true,

1. Depends on the girl, almost all guys i'd say 90% masturbate, I've asked many girls and I'd say about 50% masturbate and like 20% lie about not masturbating, so I'd say less girls do that.(These are facts seeing how I've asked girls myself, so I know first hand)

2. All girls don't think this way only pretty much whores, which if you wanna get an std go for it.

3. New name for guide (How to get STD's for FREE!!)

4. You say legal tutorial. Having sex with an under-aged girl is not legal, let alone being in school grounds which in itself is illegal.

The vibe NEEDS to be right, you need to have some history of liking each other and do it in high school. If its positive move in closer to her and bend in and kiss her. moral of the story - girls are horny.

Epic sex guide, get laid ftw ;)

But seriously, someone who never tried this method saying such thing with odds and shit, it dont works like in pornmovie, where you say "hi sexy" and get laid 2 second later. Real life is much different and is based upon emotions with that person. The only reason someone would have sex just random is when you are a hooker (prostitute).

'Getting laid' can differ from a chance depends on the situation and who it is. if im a stinky alcholist* who has dirty clothes, do you think i would get laid if i followed you method? And the appearance isn't all either. Feelings and emotions is the basic to ground a relation which could result in sex.

A question cx35, are you a virgin?

Please dont watch so much porn, this seems like a casual-type scenario for a porn movie, or almost like american pie :)

bblokar - August 21, 2009, 1:54 am

I have a better idea! I works 100%, but i did not tried it (yet).

When you are alone in a room with that sexy girl, you just take the gun form your pocket and say:

This tutorial is a complete failure. I swear, in high school, if a guy did that to me and pulled out a condom and said "Are you thinking what I'm thinking?" I'd probably just fucking laugh at his ass. And be like "No, I'm thinking about how stupid you are."

Guys like that will NEVER get laid. Well they will if the girl is INSANELY desperate and thinks she is the ugliest thing on the planet and won't ever do any better. (Alot of girls think this at this age because they're insecure.)

I gave up my virginity when I was 16 and I did it to a geeky guy that started talking to me (because I was shy in high school because I had acne and weight problems) and so we hung out a few times and then I went back to his house one time after school and he was on the computer and for some reason I just got up the urge and I went behind him and started stroking him off. And that's how it all started and went down. NEVER, did his sorry ass ever fucking pull out a condom and say "Are you thinking what I'm thinking?" hahahha

This tutorial is a complete failure. I swear, in high school, if a guy did that to me and pulled out a condom and said "Are you thinking what I'm thinking?" I'd probably just fucking laugh at his ass. And be like "No, I'm thinking about how stupid you are."

Guys like that will NEVER get laid. Well they will if the girl is INSANELY desperate and thinks she is the ugliest thing on the planet and won't ever do any better. (A lot of girls think this at this age because they're insecure.)

I gave up my virginity when I was 16 and I did it to a geeky guy that started talking to me (because I was shy in high school because I had acne and weight problems) and so we hung out a few times and then I went back to his house one time after school and he was on the computer and for some reason I just got up the urge and I went behind him and started stroking him off. And that's how it all started and went down. NEVER, did his sorry ass ever fucking pull out a condom and say "Are you thinking what I'm thinking?" hahahha

Daedalus357 - November 12, 2015, 5:37 am

The bathroom...? In a High School? Seriously?

Public bathrooms are one of the worst places to consider having sex... and not just for the risk (or thrill) of literally getting caught with your pants down. The number of people that are just too careless and unhygienic with the way they pass their fecal and urinary matter is astounding. I've seen shit streaks on toilet seats more times than I care to recount, and add to that the amount that misses the bowl... you're practically looking at a cultivation center for disease, and you are telling people to have SEX there??

Also, what is this whole "Legal Tutorial" business? This has nothing to do with Law, unless you count the possibility of underage sex (considering your reference to "teens", "counselors"), in which case it is ILLEGAL and not LEGAL.

SIM-2263652 - November 13, 2015, 12:54 am

What the fuck did I just read?

strownerz - December 26, 2015, 3:03 pm

"1.) What if she reports me for sexual harrasement?

- She can't because you didn't say anything related to sex."

I just read an article about an innocent man released from jail after 30 years because a woman dreamed of him raping her... so basically remember to record audio with your phone

LarryKingdor - December 27, 2015, 6:01 pm

Vouch for this thread, I am now getting laid all the time!

Sent from prison.

DragonsDogma - December 28, 2015, 11:03 am

I honestly don't see this working and I get my fair share lol.

I would imagine it would go a bit like this 9/10...

"Are you thinking what I'm thinking?"

"No! You're actually a pig, I can't believe you." storms out of room

Now imagining it on the other side (1/10)...

"Are you thinking what I'm thinking?"

"I am, lets go somewhere" Is pregnant, or wants to be, or just plain has a literal box of STDs waiting for you to dip into

BlyndGrdian - January 1, 2016, 2:31 pm

Try it, but as a previous poster suggested "Record The Whole Fucking Encounter." Too many girls get home after doing the deed and guilt gets a hold of them. If not that then Mom and Dad find out and that "Wasn't How Kitten Was Raised." All they have to do is claim rape and the little slut turns into a victim.

When finished email the recording to yourself to free up space on your phone and keep it. If the cops come calling let them know she was all with it and tell them you have proof.

Here's another stocking stuffer. If she says No while your recording fuckin stop. Beat off later if you have to, but stop!
