Hi everyone,

i just joined and wanted to bild up my rep alittle with you guys as I am currently not trusted for my newness.

I will be giving 10 bots (5 ea) to ub3rs and l33ts (so 2 members get it first come first serve)

I will give 5 to a hf reg if you post here and give me a good reason why i should(1 member, best reason why i should by may 8)

will also give 5 bots to the first member to give me the pass for yannilefkada@yahoo.com

thanks

I've helped 100's of people in this section and others and I never asked something back except for some respect. I find it cheesy that I'm asking for bots since I'm the person giving them away most of the time :P
