This Pack was originally going to be an Anime Pack only. Which means I was only going to add Anime Renders. But I thought that, that may not appeal to some people on this forum. So Now it has a variety of renders. Just a few Category's:

Anime

Gaming

Miscellaneous

Amount of Renders: 510

Size of Folders: 531MB

Download Link: Part 1 - <http://www.#/?d=PLBM89WZ>

Part 2 - <http://www.#/?d=1XR8OVTP>

Time to make the render folders: 30 Mins

Time to RAR the 2 folders: 4 Mins

Time to Upload: 1 Hour 20Mins

Please Say Thanks!
