Thread: [\[FREE\]MineCraft Accounts\[Leet/Ubers\]](#)

iRyanOG - May 18, 2011, 4:47 am

I have 6 different MineCraft accounts. I dont play MineCraft nor care to test these accounts. These accounts have came for my infected slaves. The first 6 Uber/Leet members that post will receive a PM by me with a MineCraft account FREE!

Keep in mind these are free and have not been tested.

I want to give back to the HF community so besides giving installs here is where I'm starting.
