**Kina** - May 22, 2011, 9:02 am

Dude who cares what other people say, at the end of the day what opinion actually matters to you, theirs or yours.

**Layfon** - May 22, 2011, 9:03 am

Well yeah i guess, it really looks like a not so good html website...

You can do something like:

make it link to anime fan thread.  
give info etc.?

**Osu|Mofo** - May 22, 2011, 9:05 am

and when i have the vbulletin done i link to anime threads ect let them post ect but idk they all say  
yes idc anymore i change domain name and i make another site. isnt that hard.

**Takenoshin** - May 22, 2011, 9:17 am

I don't know what will you change...

Please specify... =)

If it's the sites look. I say yes.

**Rokakku** - May 22, 2011, 9:19 am

Site graphic/layout is the only thing I would change. Use Serif Webplus X4. It's great for making it  
look good.

Keep it up and don't give up ?

**Layfon** - May 22, 2011, 9:23 am

After this can we do it with malvager?

**Rokakku** - May 22, 2011, 9:26 am

everybody join up and lets all rep Reviewers!  
You made your point in his last thread -.-

He is just trying to help out. He's newish and wants to be part of our group here. He knows what he needs to do now and you're not exactly helping things out. Especially as your one of the leaders.

Maybe offer him some help instead of insulting him?

OP: After next tuesday (got 2 exams) I'm happy to help you with some web graphics, layouts of the site. I can only do a certain ammount though as i'm no expert but I'm sure I can improve it somehow for you.

**Layfon** - May 22, 2011, 9:28 am

**Tasemu** - May 22, 2011, 10:03 am

Ok, heres a thread i should have seen earlier...

Taiga, who cares man. Giving someone shit about that is just an asshole move. If he hasnt applied then thats fine.. Its not like AF has ritualistic joining ceremonies. This so is not a problem that should cause this much fighting...

@OP: I think the AF email's were a cool idea brother but maybe it would have been a good idea to let one of the leaders know first. I was under the impression that you had got permission haha. Its not a huge deal and i hope you wont judge us by our shitty organisational skills and want to join, if so just throw another app up on the thread and ill accept it personally. ^^

(May 22, 2011 10:11 AM)PI0xor Wrote: [\[CITE\]](#) :P Tasemu understands it. :DD I do, but also you need to understand that even if they were a cool idea, because you arent a member of the group or more specifically a leader of the group we cant affiliate with this and we wont promote it for two reasons.

One, the domains, while cool, can be accessed by you and that includes emails which can put our members at risk. Im not saying you would do that but as a leader i feel it would be irresponsible to put any members at even a slight risk of that so any member does it of their own accord.

The second, as this is for the forum, we cannot back or promote because one of the main goals of AF is to promote quality content in the Anime Adventures board on hackforums.

I'm going to go ahead and tell you this as a leader of AnimeFAN!.

AnimeFAN! was created to bring more activity to Anime Adventures, and Anime Adventures, only.

We have had multiple opportunities to make our own, though, we choose not to, because our goal is/was (I think we've accomplished it for the most part) to bring more active people to Anime Adventures.

I'm glad that you support AnimeFAN!, however, doing this would only defeat the purpose that the group was originally created for in the first place.

:)

Or, we could be ballers, and set up a satanic chamber with a tomb in the middle of it, from which we will slit the wrists of a virgin; make her bleed upon the chalice of holiness, from which upon we shall drink to become closer to "god".

Aka Me. =3
