hi ! how are you all ???

you will rate it 5 stars ! please rate it !

THIS TRICK IS FROM A GUIDE THAT IT IS IN OUR WEBSITE !

HIDE YOUR FOLDERS. NEVER KNOWN

TRICK DISGUISE THEM TO "RECYCLE BIN"

Rename any folder with extension {645FF040-5081-101B-9F08-00AA002F954E}

eg,

if you have a folder INDIA

press F2,

then type, "INDIA.{645FF040-5081-101B-9F08-00AA002F954E}"

and see the magic....

then to get to original form,

remove the extension using "ren INDIA.{645FF040-5081-101B-9F08-00AA002F954E} games" in dos or as a bat File

Now you are done.

if you like it and need more [click here](#) then go to page "ultimate windows secrets"

go and you will not regret never !

see you later !

i will come with more tricks and tips never know before.....

to be continued >>>>
