Hound - June 2, 2011, 4:01 pm

Hai. Im matthew AKA "Harold Camping" Im 14. :P

Well i made my own business and its been going great so far. I've been running this thing since Feb 13th, 2011. I stopped on my project on March 3rd, 2011. Well i just decided to start up again 3 weeks ago and i've made a fortune! In the picture below, i have put 5 sales i've made this week! Im so happy. Im going to save this up so i can go to a Ivy League college! At this rate i should have around 50K at the end of this year. Depending on how active i am.

PLEASE NOTE I am African American. Since they're aren't many successful Blacks i thought this was a perfect bragging achievement. No i am not trying to surpass whites, i just think i can make bank. :).

Well heres my Balance so far and the 5 sales i've made this week:

Account Type Null - June 2, 2011, 4:03 pm

Congrats on your success, smart saving it for college instead of blowing it on Knicks-knacks.

Moralitas - June 2, 2011, 4:03 pm

Nice, but probably stupid to keep that much in PayPal. Hopefully this isn't an advert for a future method.

I'm going to say that you inspected the element and changed the figures unless you have some solid proof of your business

I'm deeply confused and lost, Harold.

You claim your name to be Harold Camping, but your PayPal displays your name to be Matthew. If your business was indeed legitimate then you would surely be using your real name in the PayPal account. Just for the purpose of avoiding any and all confusion between PayPal and yourself in future situations.

Something sincerely is not right here. It's either you're simply lying and are not as successful as your claim to be within this thread, or your name isn't indeed Harold Camping. And, if your name isn't Harold Camping then what exactly is there in which would cause us to believe you're telling the truth here?

I'm not flaming, please don't think that. I just notice things and continuously ask questions so as to prevent further confusion in the future.

He realized he fucked himself over by doing this so he quickly refunded the guy he scammed and is now going to try to forget this ever happened.

Opulence - June 2, 2011, 4:15 pm

The big question is .. Would someone with over 7,000 dollars in their PayPal be selling his signature, for a free e-book..?

Yosh?i - June 2, 2011, 4:15 pm

I reported you to Paypal's security team, have fun getting assfucked

Nightmar? - June 2, 2011, 4:16 pm
