Speaking of Deadman Wonderland, I really need to catch up with it.

I know what you mean.

I made a rule not to watch a series until it's finished.

Tasemu - June 2, 2011, 7:50 pm

Yer i broke that rule yesterday after like a year lol. I regret it. :/

Professor Pantsu - June 2, 2011, 7:59 pm

I like watching airing series, it gives me something to look forward to every week.

That's why I didn't want to watch it =/. They made me do it?

I hate waiting for anime episode releases, so i just wait in till quite a bit of episodes are released first.

TheGreatOne - June 2, 2011, 10:49 pm

Yeah haha there is 2 sides to that, good side is that you are like watching it while it comes out and with everyone else and the worst part is you have to wait a week or so for a new episode.

Sir Neko - June 2, 2011, 11:23 pm

Why is waiting so bad? I actually forget about the series and just remember it when it comes out again.

Taiga - June 2, 2011, 11:23 pm

I stopped watching anime in this season all together. I'm just waiting for the KissXsis OVA.

? Victor - June 2, 2011, 11:54 pm

Haha I wish I could do that to Detective Conan but it comes out weekly. Other then that, I just wait until the series finishes and then I watch it.

Same here, I like having something to look forward to as well as going through an older series.

GRRRR done this with Ao no exorcist (blue exorcist) broke my rules also D: it looked so good ! I had too D:

Finally changed your ava eh, mushi-shi I see.

DMW sounds really good, but ill save myself the agony of starting an ongoing series.

Layfon - June 3, 2011, 2:33 pm

read manga... took me almost 12 hours to get to latest chapter. same for ao no exorcist, asu no yoichi, sekirei, anything else.

N!ck - June 3, 2011, 2:48 pm

I watch completed anime and the current anime. After I catch up to the current anime, then I usually just go and watch the older anime that I've downloaded.

...Why is that series still ongoing? Even though it's decent, it feels like it's being milked for moolah.

Deadman Wonderland ftw.

It's my #1 anime of THIS SEASON (Not in general).

Edit:

Well, no, it's not.

It's TIED with C: The Money of Soul and Possibility Control.

And Steins;Gate.

omfg C = win.

DMW = win.

S;G= win.
