Hello, I know that not everybody has access to a strong ebay that's why I'm here to help you sell your product or service. I'm willing to sell anything from Windows keys to your grandma's teeth. Please contact me for more information. I'm not asking for any affiliation money, I just want to build my reputation on HF :)

I've been looking for someone who can sell my item, but everyone's rates are too high. Looks like I can have a go with you :) I sent you a PM...

You can't offer free services in this section, post it in free services and giveaways section or else you will get a warn level increase.

This service is still available, I've been scammed a few times with this already so I'll be more cautious the next time around.
