can you tell me if it was google team then how they treat with me if a person blocked me ever?this
is first time happened.

and my pc have few cracking,hacking tools and hacking tricks.is it safe save them my pc?if google
team access my pc then what happened if they see my pc have hacking tips?
i removed that all or i can save them my pc?please suggest.confused.

LOL if google accessed your comp, say you have cracking tools so that you can bruteforce pass's if
you forget them. You have RAT tools so that you can control your comp if your away. You have
Keyloggers so you can remember your pass.

u really think if i said they really believed me?

+Pirate - June 6, 2011, 6:10 am

Actually, i do. What proof do they have that you are not doing that stuff? And they would probably
give you benefit of the doubt

That made my day lol. Jeez how can you expect them do that shit rofl

Chancelor - June 6, 2011, 8:14 am

Your dialect is bad, do you really think that was google?

coda_hi - June 6, 2011, 8:20 am

i call my friend.he say he dnt blocked me.
now you guys decide who this.gmail team or my friend?

Falconw0w - June 6, 2011, 12:04 pm

this is for obvious reason your friend !! How cum u belive that google team can say fuck yo its users
. M still on thr floor laughing :D
