E-whoring is illegal, you steal the girls' identity thus Identity Theft.

Also, I charge \$10-\$15 for 68 TOPLESS pics, sucks that my ewhore only takes topless ones :(

iLoveFB - June 6, 2011, 6:28 pm

If PayPal sees too many donations coming through they will ask for proof of your non-profit organization and if you are unable to provide that than you will be limited.

Also if you send money as a gift you can still chargeback via unauthorized transfer.

Thanks for the reply!

It depends on each person, I usually sell for whatever they're willing to pay.

Great Q&A man, I wish somehow we'd find a way to stop leechers.
