Yeh, both the movie and the book are amazing ?

Man, I see in fight club the strongest and smartest men who've ever lived. I see all this potential, and I see squandering. God damn it, an entire generation pumping gas, waiting tables; slaves with white collars. Advertising has us chasing cars and clothes, working jobs we hate so we can buy shit we don't need. We're the middle children of history, man. No purpose or place. We have no Great War. No Great Depression. Our Great War's a spiritual war... our Great Depression is our lives. We've all been raised on television to believe that one day we'd all be millionaires, and movie gods, and rock stars. But we won't. And we're slowly learning that fact. And we're very, very pissed off.

I felt like destroying something beautiful. I felt like putting a bullet between the eyes of every Panda that wouldn't screw to save its species. I wanted to open the dump valves on oil tankers and smother all the French beaches I'd never see. I wanted to breathe smoke.

Some brilliant quotes
