I guess noone wants a cartooned avatar. Bumb

rexon2010 - June 13, 2011, 4:01 am

tol =) hehe.. pinoy ka ba? :D libre na lang to:)

Can i get this for free? :D

veteach - June 13, 2011, 7:57 am

\$3-5 ? i doubt you'd even make 20 cents for this .. sorry.. but honestly who would want to buy a customized cartoon character on a HACKING forum for \$3-5 when they can get their bot/server encrypted 3 - 5 times for that price? :p

I already had sales man. It's not that bad for my first try isn't it? :P
Would there be a difference if I make it \$1 a piece? I want to have more feedbacks please since it's my first time to actually open a shop like this. :)

These things look awesome. You should go sell these on fiverr and make \$5 a piece on each one. You'll make better money there for sure.

Yeah the first one was made from scratch then I organized the layers so I can save and use it for another character. You know the body parts, clothes etc
