ifido2020 - June 12, 2011, 6:06 am

Get Google Adsense within 24hours For sure:

Quote:I know many of you already know about this, but this post will help for the one who don't know how to get adsense approve easily.

Steps to follow:

1. Post 10 articles in that website it may be in text+image, Only image or an video.
2. Then site will automatically ask you to sign up for adsense.
3. Then sign up for adsense and click submit.
4. After 24 hours you will receive the confirmation mail in your mail box.

Things you should remember:

1. Don't use mail id which already got disapproved.
 2. Also once disapproved site due to fake clicks, wont get approve again.
 3. Don't use the same address which got disapprove for fake clicks.
 4. Some time it may take two days to get approve but please be patient.
- If you want to know the link of that site, Just reply here and PM. Hope It'll be helpful for someone. ?
Good luck.
