Thread: [SQLi Scanner \(Source \)](#)

Baker - June 13, 2011, 9:33 am

I was Just looking through my computer and found this source .

It is a Web source . I have Uploaded to my own Hosting for a sample .

I do not own this source Just have It .

All Credits go To original Owner .

The Link is [Here](#) .

Some Pictures .

You have 14 posts . Op says 100 .

Leecher .

DeafCon - September 25, 2011, 3:05 am

When I clicked on "Scan" my A/V popped up telling me I that Hacktool:Win32/Sqlinject.B and Hacktool:Win32/Pangol was trying to be installed. Can anyone confirm this is a false positive or these tools are legit but identified as malicious because they can be considered hack tools?...

blakeembrey - September 25, 2011, 4:58 pm

Looks interesting. PMing you now, hope you don't mind I don't have 100 posts yet :/

zer0day - September 30, 2011, 2:57 pm

Looks like something I could use thanks for sharing, I have downloaded.
