Thread: [HostGator Coupon Codes! *25% OFF + 10\\$ OFF + Reseller Coupon* *FRESH*](#)

Bl?ze - June 14, 2011, 8:37 pm

I received these coupons in my email a few weeks ago. I've tested them all while making this thread, proof below. I went with the "10\$ OFF Coupon" and the basic shared plan because it brings the price down to 0.01\$:D

So far the hosting is FLAWLESS and FAST. I host a forum and a blog on it and they get about 3k visits daily, 1,500k - 2k of which are unique and the server hasn't slowed or anything, and I haven't been suspended for using too much CPU Usage. All in all I'd recommend this host to anyone and everyone.

Coupons:

25% OFF - 25PERCENTSUMMER

25% OFF Reseller Hosting - 25RESELLERPACK

10\$ OFF Any Hosting Order - MINUSTENDOLLARS

PROOF!: (Note: I put "shottablaze24hf" as my domain so you know I took these screen shots)
