I'm gonna guess:
Runesc ape
Eve Online
Maplestory
World Of Warcraft maybe i'm missing something?

The method would be one of these:

1. Create accounts, powerlevel them, and sell it
2. Goldfarm on the account and sell it
3. Hack accounts, and steal all their shit (possibly sell it)

False. I got repfucked after being l33t. You don't get rep for being l33t. You just have more respect for contributing. It's basically donating and you receive a gift. It helps Omni out for the site too.

This was the day he said he'll wait for the review copy...Well, OBVIOUSLY he wouldn't vouch if the method doesn't work. We were talking on MSN together. I convinced him that my ebook is good and that you could making money waiting for a review. He decided to buy it, and tried the method out. My method doesn't immediately work, it takes a day or 2 at minimum for it to work. If you still feel skeptical, I can give you a free copy of the ebook(my special exception)
