Skiddie, you guys get the wrong meaning of anonymous start getting on be and you will find out. Its not just a hackers group. They arent even hackers. If anyones says so he just thinks that he is with them. Everyone can be a member of anonymous as long as you have the same thoughts about things as they do. Now stfu and stop being a wannabe Anonymous.

Santi - June 28, 2011, 9:41 pm

People like you are gonna put a bad name to anonymous group, the original intent was to stop censoring and hiding information from people, not just taking down every website in site..
