Why do you deserve this upgrade? (Be Specific) : Well as you can see I haven't made any amazing threads yet on HF but I am being more active recently and have gotten off to a good start. My rep is pretty good for how long I've been here and how many post's I've made. To sum it up I think I deserve L33T because I am a very nice person, I would consider myself pretty funny and I have excellent grammar. I feel I could bring a lot of things to the L33T section if I get upgraded.

Do you have over 300 posts?: Not yet but I am working on it. Like I said I just recently started being more active.

Any Scam reports?(I will Check): Nope. I have never scammed anybody and I never will.

Will you PM me and spam me for this award?: No I will not bug you for an upgrade. I will be so happy if you do upgrade me though I'd probably PM you to say thanks. :)

Also I'm pretty sure I know you, at least I think you're Storm. I'm Skill if you remember me from XMB. Hope I win. Thanks a lot man. ?

Captain Crunch - June 30, 2011, 12:39 pm

You basically held a fake contest by not doing the L33T upgrade as you said you would.

Actually no, i upgraded someone to ub3r, I thought i could afford both but personal things have come up. I can't make everyone happy. ?

Captain Crunch - June 30, 2011, 12:41 pm

Nice of you to do the UB3R but you also said a L33T would happen. Continue to do your upgrade competition but I'm done entering.

I didn't complain I simply pointed out that you held a fake contest. You should have thought about funds before holding it. Maybe instead of holding an upgrade on July 8th you should pick a L33T winner for your last contest.

want l33t because I want to be able to + rep all the people that have helped me. I also want it because I am usually on my iPad when I'm on HF and I accidentally click the ads when I'm trying to send a PM or do other things. I also would like to be able to close my own threads. I think I deserve l33t because I have given some xbox accounts on HF by PMs and AIM, I also answer many people's questions or try to give them some advice, and I also can be a troll sometimes but I never let it get out of hand. I do mostly post in the marketplace but I do visit The Lounge a lot, and usually click the new posts button after I make a post so I can see what people are posting.

Irritable - July 7, 2011, 6:02 am

My (first) name: I am a private individual, and will not expose such information. No offense!

Excellent threads: [Every post is an excellent post!](#) ?

Why do I deserve this generous donation: Honestly, I do not. I would appreciate it heavily, as it would enable me to award other deserving members +rep, who have shown good will, and effort, on their part in learning, and better themselves in life (whether it be programming, a hobby, or something else they've put their mind to).

Post count: Yes. I do have over 300 posts. The majority of which are in the programming section. A small portion (less than 30) are found in The Lounge (which are not added to the "total post count").

Scam reports? I do not see any 'scams' occurring in the programming section ever. However, I do report posts all the time (wrong forum, flames (when they are excessive, or down-right undeserved!), and so forth).

Will I spam you? No. I do not spam people. I seldom PM people unless it's absolutely necessary. Most of the time, posts can be made public (with few exceptions), so they will better everybody else who is now able to read them. ?

Why do you deserve this upgrade?: I think I deserve L33T because I am an HQ poster. and I generally help out people when they ask for help. I did 2 giveaways and I post HQ replies. I used to have L33T but I was scammed for it. L33T would give me access to more ebooks and I could write more tutorials and guides on programming or just some general facts that are useful. L33T would help me and the community a lot. I'm also very active on the forum and post a lot.

Do you have over 300 posts?: No I don't but I'm getting close to 200 and I'm sure I'll have more posts after I get L33T because it gives me access to more sections of the forum.

Any scam reports?: No scam reports, only I was scammed once :(

Will you PM me and spam me for this award?: I never spam anyone :)

Why do you deserve this upgrade?:

I have contributed several things to the community including working shells/proxies (I usually check lists I collect every week), free stuff like forum themes, and also giveaways such as Google+ invites and "surprises". I do not see myself as a leecher, nor a LQ member. I always contribute more than I ask for - therefore I deserve this upgrade.

Do you have over 300 posts?: Unfortunately, no, but I'm working on it.

Any Scam reports? Nope, my trades have been legit.

Will you PM me and spam me for this award?: I will not unnecessarily contact you about this upgrade, I will be patient.

I have been qualified for ub3r by Omniscient aswell.

Hope this will do!

Why you want to become leet: Because with this degree I can evaluate the reputation system members who scam, the thief and another. And I ??a 100 messages in my box, I can not help members with no message.

Why you deserve leet: With my reputation and the members that I helped, I think I deserve that rank.

Why do you deserve this upgrade: Well I feel I deserve this upgrade because I like helping the community out and plan on making more tutorials in the future. I have quite a bit of stuff to bring to

the table in the L33t forum and can't wait to become a bigger part of the community. I also have always wanted to become L33T but I would never have the money to buy it either and my paypal is locked. But away with that. I also have some what good grammar so my tutorials are all great and also my reputation is good and there is not 1 -rep. I feel I have helped this community a lot and actually have helped quite a bit of people in the RAT section with port issues, DNS issues and in the end got all of them working and on there way to a great RAT user.

Any Scam reports?(I will Check): I have no scam reports , never scammed anyone on HF , feel free to check.

<https://hackforums.net/member.php?act...uid=264993>

Why do you deserve this upgrade?: I personally feel that I deserve this upgrade because of all of the things I have contributed such as donations, porn logins, Xbox Live accounts, iTunes gift cards, member upgrades, and PayPal money. I have upgraded six members: [Shmi](#) who I upgraded from l33t to ub3r. [SkyShadow](#) who I also upgraded from l33t to ub3r. [Make Her Moan](#) who I upgraded from l33t to ub3r. [American](#) who I upgraded from regular to l33t. [Wasiqkhan](#) who I upgraded from regular to l33t. And lastly, [Opulence](#) who I upgraded from l33t to ub3r. I think that it would be cool if I could win an upgrade after I have upgraded six members.

Do you have over 300 posts?: Yes, I currently have over 1,100 posts.

Any scam reports? (I will check): No, I do not currently have any open scam reports against me.

Will you PM me and spam me for this award?: No, I will do no such thing.

Thank you for holding this contest, I hope I win, it would be cool since the 13th is actually my

grandpa's birthday.

Vouch for this HQ member.

I think this user deserves l33t more than anyone from what I've seen. Not only does he release free FUD binders to the public (that clearly he's spent time on making), he also provides constant help and support and shows no sign of giving in. I requested help with his software and he responded rapidly. He spent a generous amount of time helping me and even ended up crypting my server for free. I couldn't be more thankful to this user, and with that I sincerely hope he receives the L33t status that he deserves. ?

Why do you deserve this upgrade? (Be Specific) : I'm extremely determined to become well-known around the forums. I've only been on for a month and don't have a huge post count because I don't post-whore. I would say 75% of my posts are HQ and helpful. And honestly with my tutorials and giveaways, people are always PMing me or I'm PMing people to give or get help. Therefore, being L33T with 1500 pms would be really useful. Also the close thread would be a nice feature to have.

Do you have over 300 posts?: Not yet, but I will very soon. I am on several hours a day and frequently participate amongst my fellow community members.

Any Scam reports?(I will Check): I have never had a scam report because anything I have given away is free! Feel free to check. I don't even have any post reports!

It would be an honor to win this. Thank you for the great contest. May the best participant win.

Tricky is a remarkable new member. He always has HQ posts and never really over-steps his boundary. He's posted some excellent threads so far for being a new member and will definitely be a contributing factor to the rest of the community. Deserves L33T in my eyes.

Why do you deserve this upgrade? (Be Specific) :

Well as you can see I'm a contributing member and Helping lots of members with their problems on my RAT setup, Port forwarding, Cyting, free slaves and giving free services like Black Binder FUD public versions, I've helped lots of members and I will be more active here. My rep is pretty good for how long I've been here and how many post's I've made. To sum it up I think I deserve L33T because I am a very nice person, I would consider myself pretty funny and I have excellent grammar. I feel I could bring a lot of things to the L33T section if I get upgraded.

Do you have over 300 posts?: Yes 1,494 ?

Any Scam reports?(I will Check): Nope. I have never scammed anybody and I never will.

Will you PM me and spam me for this award?:

No I will not bug you for an upgrade. I will be so happy if you do upgrade me though I'd probably PM you to say thanks. ?

Regards,

THE HEADMASTER

This guy is such a boss..when his FREE binder didn't work for me. He crypted my server for FREE. For doing a few simple surveys to support him....? It was definatly worth it, obviously im new but thanks to this guy my first rat server is fully FUD and ready to go. And he has agreed to crypt my servers for free by supporting him when my current arent fud anymore. This guy definatly should receive leet.

Why do you deserve this upgrade? (Be Specific) : I think I should be upgraded because in the time I've been here I've remained HQ. I contribute to discussions when I can, help when I'm able and offer input and assistance when necessary, I don't have a lot of posts or a very high rep, I still feel that I am a good member. I'm kind and respectful to members new and old alike and I am welcoming and helpful to newer members when they require assistance. Also, the only way I'll be able to upgrade to Ub3r is if someone sends me the money or I win an upgrade contest like this. I also have little knowledge in Botnet, Booter and Php Coding.

Do you have over 300 posts?: No. But soon will be

My name is Ostrich

I have showed excellent work [here](#)

I deserve this upgrade because ever since the beginning my goal was to help the HackForums community. I spend almost all my time in the Minecraft section. I am working on a review thread for every paid Minecraft client sold on HackForums to stop "Which is better threads". I may only have about 300 post, but I do not post useless crap such as "Cool client. Nice. dangthis35characterlimit". I come on HackForums multiples a day, it is my favorite website(besides Google, Google is my best friend). I am very dedicated into helping the HackForums community. I will also not apply for

upgrade on more than one thread, because what if I am picked on both?

I have more than 300 post.

No, I have not scammed anybody and I never will.

Yes, I WILL PM you a kind thank you note if I receive this award, because it is the right thing to do.

Cheers

Sorry if I have spelling errors, I am currently on my phone.

Why do you deserve this upgrade? (Be Specific): I believe I deserve L33t because I have been on this site for more than a year now and I am an active member who has learned a great deal from this forum. I always try to stay high quality, while making sure to post wisely throughout the site. I help new members in securing their accounts, whether it be emails, gamertags, or aim sn's, while teaching them how to stay safe when dealing. I have never scammed anyone and continue to do fair transactions with other people. I am always polite and courteous to other members and am glad to help anyone out. I will not abuse the power of the upgrade, since I will in fact use the new membership's ability to post threads in the the Free Services and Giveaways section. I would greatly appreciate the upgrade to L33t and thank you for this awesome opportunity.

Do you have over 300 posts?: Yes, I have about 1400.

Any Scam reports? (I will Check) No, but sadly I have filed two reports on members who have stolen from me when dealing.

Will you PM me and spam me for this award?: No, but I will without a doubt pm you if I am awarded.
