maybe you could create a test account for public
we cant register
Your right, i will. ?

snake_escape - July 2, 2011, 3:08 pm

Used this in the past for a facebook hack (Updating status through text) and it didn't work.

I think they stopped updating it, fixing it, etc.

Chocothunda - July 2, 2011, 3:09 pm

When I register I get this SQL error:

Code Fatal error: Call to undefined method DB_Error::fetchRow() in /home/faketxet/public_html/register.php on line 54

Your'e one big peace of shit, asshole.

Thats not even my site and it works for me ..

I got no reason to ruin' my user and get banned.

l33tpwnz0r - July 3, 2011, 3:26 am

Nice, I'll try it out now. Thanks.

KP4JM - July 3, 2011, 6:37 am

Fake fake fake

It wants registration , and when i try to reg. i get dat

Fatal error: Call to undefined method DB_Error::fetchRow() in

01001 - July 3, 2011, 6:39 am

Nice found...

thanks ?

Miki2 - July 3, 2011, 7:08 am

There is a much better site called SMSGLOBAL - supported by all countries

Stenography - July 3, 2011, 9:47 am

Your welcome guys !

I'm busy right now but tomorrow i will make like 9 accounts for the people who can't register .

sportukr - July 3, 2011, 10:54 am

wow now it wont let me sign into my email ty polar u just got my email hacked

That is not my fault,

I do not take any responsibility for using that website.

If it was mine than i could take responsibility but i can not because its not.

Anyway why do you think you can't access you email because of that ?

spyr0 - July 3, 2011, 2:52 pm

Thanks alot man !
Really appreciate !

MegaMember - July 3, 2011, 5:05 pm

It`s still not working, can you make one acc for me?
And does it work for numbers like 1031?

gf2827 - July 3, 2011, 7:28 pm

thank you very much

short

b0lt - July 3, 2011, 8:11 pm

Haha nice share :) i like this.. lets spoof some sms :D

godsp33d - July 3, 2011, 8:57 pm

I remember this site.. I get the same error as some here (just like last time I tried)
Fatal error: Call to undefined method DB_Error::fetchRow() in
/home/faketxet/public_html/register.php on line 54

If anyone could make an account for me or just share info I'd appreciate it :)

jurassicjonsty - July 3, 2011, 9:09 pm

thanks man! it was great at the end. haha

Valour - July 3, 2011, 10:27 pm

The same fatal error that others are getting.... smsglobal is better (though it has limitations which were the reason that I said "better") .. I hope that after u create an account, it would work for us all.

this can be a PHISHING site

i dont trust this anymo
just put another pass dude >.<
I don't think its a phishing site cause it worked to few members here.
But i can't ensure that because its not my website.

Tezcatlipoca - July 4, 2011, 3:18 am

mmm I'm not going to test it because I don't really want to give it my number and email, but I'll keep this in mind if I ever need to do this. Thanks!
