Thread: [Free PayPal Money!](#)

I haven't seen a thread on this but here it is:

Super points! You can easily get paypal money by inviting friends. All you need is around 5 friends that reach basic membership to get \$5 paypal for only 500 points.

Points are gained by doing surveys and inviting friends. You can also push the super lucky button so many times a day depending on your user rank.

How you get basic member level:

Fill in all your account questions.

Validate email.

Go to your profile and upload an avatar.

It's really simple.

Here are invites as it's an invite only site. Once an invite is used I will put up a whole new list.

:(that sucks i tried making an account for someone in a country that couldn't do it earlier and he said it wouldn't even let him login. You could always try using a proxy from the US ?
