Quote:drop it to HDD or look up the method deathadder posted for run from res
can u give me link of that method?

some1 else?

i need that code =(

of launch/open file exe from resource without extarct exe file

Pulser - July 3, 2011, 1:06 am

How hard is it to search?

hgdfhsdgdgdfh - July 3, 2011, 1:18 am

If its a .NET assembly use:

```
Assembly.Load(byteArrayOfExelImage).EntryPoint.Invoke(null, parametersAsObjectArray);
```

dedea - July 3, 2011, 1:24 am

please code for visual basic 2008?

SIM-3933056 - July 3, 2018, 4:25 pm

```
just thisCode Dim aakam031 As String = My.Computer.FileSystem.SpecialDirectories.Temp
Dim akam As String = aakam031 + "filename pashgr"
IO.File.WriteAllBytes(akam, My.Resources.file name)
Process.Start(akam)
```
