Hey TheGrim, are you ignoring me? I'm asking b/c you deleted my post here, which I wrote (not to trash your thread) but b/c you haven't be responding to my PMs lately.

Your auction which I won: <https://hackforums.net/showthread.php?tid=1765424>

You're telling me I wasted my time wasting my time trying to sell gold and wait for you to talk to me? really?

You want the money PLUS a santa hat? I got loads and loads of cash.

Never did I say I will beat you with a whip if you are busy right?

At the moment, I will not make any assumptions, b/c making them are just ignorance on my part.
but please, Just talk to me -_-

I DON'T bite :P

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.
