I mistaken that vouch and formally delete it. User sent me the ebook as a vouch copy, this ebook is free and can be found by typing it into Google, this exact same guide was copied from [here](#), word by word was copied from there, all he changed was the author name too himself, do not buy as can be found at the link I provided.

Wow, thanks for letting me know, I was planning on buying it.

Addictionz - July 10, 2011, 9:23 am

No problem, now he sent me a download which is over 250mb of ebooks from another member of Hackforums and now he is selling this, also he asked for +3 because he gave me ebooks that belong to another member, really and now trying to sell them, don't buy!

Warlexx - July 10, 2011, 9:43 am
