Thread: [Post your favorite anime character pictures](#)

LeRza - July 10, 2011, 10:35 pm

Well I have some photos as my wall paper in my background and decided that it needed some anime. So post what ever characters you want just make sure that there are big enough to be set as a back ground without it needing to be stretched. I'll put all the anime that is posted in this thread as my back ground (mine changes by itself over time). So have fun you guys ?

That is a good website, it's where I got my Spice and Wolf wallpapers.

OP, if you need wallpapers, that's one of the best sites you can use.

Wow thx you guys for the awesome pics I'll go to the site but do you have any more suggestions. Because I love your last two pics and the one guy who posted the one pic from heavens lost property (I loved that show) also I love that girl so much ^.^

SIGNificant - July 11, 2011, 2:11 am

Konachan will probably be your best bet as you have a pretty good search system once you get to understand it, lol...I actually got the majority of my anime wallpapers there.

The others I make from renders...But they really aren't that good XD.

I'm sure you can find a few sites. There are alot of good anime wallpapers out there.

LeRza - July 11, 2011, 3:06 am

any characters or such to look up?

SIGNificant - July 11, 2011, 3:22 am

Uhm...I'd have to say it's personal preference. I mean, I love wallpapers from Sora no Otoshimono and High School of the Dead. But I also have wallpapers from Black Rock Shooter, FLCL, Spice and Wolf and more. I also enjoy wallpapers from characters in fighting games, like Blazblue, Guilty Gear, and Arcana Heart (Arcsys ftw).

Again, it's personal preference; it can be influenced from a characters personality to what they wear....Ehehe..

I'm sure you'll find some wallpapers you like!

LeRza - July 11, 2011, 3:36 am

Can you post some of all of what you just said except for flcl and spice and wolf. The site doesn't have them T.T

SIGNificant - July 11, 2011, 3:40 am

You've got it! Just give me a few minutes to gather them all up! I'll edit the post in a few.

SIGNificant - July 11, 2011, 6:15 am

I think it's pretty good.

It's a one-episode OVA, so I was kinda disappointed, but I think it's good overall. There are also a few manga, but I'm not so sure about those.

You didn't specify which girl, bro.

Yoko is from Gurren Lagann, and Lucy/Nyu is from Elfen Lied.

Both great anime, check them out! Elfen Lied's a shorter series than Gurren Lagann, so if you want to re-watch it, I suggest you watch that one first, as it's shorter.
