Long exaggerated ESSAY of why I should upgrade you:

First of all, i would like to thank you for posting the contest and I would like to wish the best of luck to everyone else. So I believe I should be upgraded because I have nearly all positive rep, I think I am a hq member, and I would do a lot with my membership.

So, moving on to my rep. I have a little bit of rep, nothing compared to others but I think its a decent amount for someone of my standing. But although I don't have a bunch of rep, I have nearly no neg rep. The only neg rep I have is from someone who wanted me to go first in a trade. I declined so he of course accused me of scamming and left me neg rep. His account was latter

named dead for abusing his ub3r powers (or at least this is what i heard)

My HQ ness, I try to make all of my posts count, I have a few posts that were reported, however they all came from a simple mis-understanding that I now know about and warn others about (asking for VOUCH copy's of ebooks) I always try to help out others when I can lend good advice, and at the same time I don't lie to people about things that I don't know. If i don't know anything of help, I try to redirect people to where they can find help.

Last but not least, what would I do with l33t? I would post helpful ewhore tuts in the vip forums, along with offering my ewhore mentoring. I would try to contribute as much as I take, I dont like to be a leach, I like to help when I can, and I will do this to the other upgraded members (and normal members)

In conclusion, I think I do deserve l33t, I am sure there are others on this thread that deserve it, but I have taken a lot of time in my application and tried to give you the best vision of me. So thanks for reading my essay! ? (an intro paragraph, 3 body paragraphs and 1 conclusion paragraph)

Anything else you would like to say: My teacher once said an essay is like a girls skirt, it should be long enough to cover the important parts, but short enough to keep it interesting.

Long exaggerated ESSAY of why I should upgrade you:

I think I should be upgraded because in the time I've been here I've remained HQ. I contribute to discussions where I can, help when I'm able and offer input and assistance when necessary, I don't have a lot of posts or a very high rep, I still feel that I am a good member. I'm kind and respectful to members new and old alike and I am welcoming and helpful to newer members when they require assistance. I had contributed to hf in many ways like setting up booters botnet etc, I had also help out throughout various areas of the community offering my help both knowledge wise or by means of emotional support. Also, the only way I'll be able to upgrade to Ub3r is if someone sends me the money or I win an upgrade contest like this.

Anything else you would like to say:

Thanks for this amazing Contest Good luck to all participants.

What have you contributed to HF: Not much but if I get upgraded I will be motivated to post more and HQ Tuts

Favorite HF Smilie: I don't use the HF smileys but I will pick one just for you :D ? ? ? ? Wow, I couldn't just choose one sorry.

Role Model in real life: Eminem because his lyrics have so much meaning to them.

HF Role Model: I don't have one but I will say DeMeR because he is an amazing graphics artist.

Long exaggerated ESSAY of why I should upgrade you: I would like to be upgraded because I have been a member of this site for quite some time and I have always wanted L33t but don't have money or anything , I have entered many contests and never won any. I also want L33t so I can go to the VIP section and see what that is, I feel I could give stuff back to the people that have been nice to me for the time I have been here. Also I will make tuts if I get this because it will motivate me to give back to the other members. I can help people with a variety of stuff and I will donate if I ever get money in my PayPal which I doubt will ever happen but you never know. I'm kind to everyone, I never troll and I'm very respectful, I try to be as HQ as I can be. I want to +rep the people that have helped me in the past and give back to the people who were nice and kind to me when I just got here.

The last most important reason I want to be L33T , is to close threads.. That would be so helpful and amazing!

Also, I will keep your name in my Sig for lifetime<3

Thanks for giving everybody a chance for winning this contest! Good luck everybody!

Anything else you would like to say: I would like to say thank you for you holding this contest, you're a good staff member. :D

If you visit my wireless hacking thread you'd see how much people asked for help and I felt obligated to help them, so I did. I have recently made a few signatures because I felt like contributing, and I will make more in the near future. I've already lost that contest ;/ I was hoping to win off this one but unlucky me I guess. I sent a message to Bugga saying this to her.

Quote:I first of all would like to give you my most sincere apology for all the mischief I have caused over the thread as well as HF. It's drama that should not have been caused and I apologize for it.

It's something both Naorx shouldn't have been doing but I have been attempting to get Uber for the past month and I failed 5 separate times.

You upgraded Green Bay and I have entered his contest and hoping to win from that but in my opinion I truthfully think that I should have been upgraded over Naorx as he did the same thing as me. But I understand that you were going mainly off votes and in the next poll you will have no issues from me.

Thank's again for allowing me to participate in your contest.

Im currently in Figaro's contest as well as Texno's but who know's :/
