DeidaraLP - July 18, 2011, 2:34 pm

Introduction:

Are you tired of looking for picture packs? And when you finally find something great, you have to do a fuckin survey or PM someone who is offline?

I will in this tutorial, teach you how to create a awesome picture pack, in 10 minutes.

Tutorial:

1. Go to your favorite FREE porn site. Spoiler [\(Click to View\)](#)(reddtube,pornhubb,youuuuporn)
2. Search for "Webcam Girl" or just "Webcam"

Spoiler [\(Click to View\)](#)Tons of videos will show up, find a LONG and MIDDLE-QUALITY video..... (If the quality is way to good, buyers usually get suspicious)

Now make sure the video CONTAINS:
A GIRL WITH CLOTH AND WITHOUT
WAWING OR SOMETHING NAUGHTY
BOOBS
PUSS*
A FINGER (Hope you get it)

3. When you confirmed the videos contains the critics, open "Snipping Tool" or any other Screen capture software ([HyperSnap](#), [IQuck](#))

4. Now you have to screen capture the girl, while she is doing her thing Spoiler [\(Click to View\)](#)
